Chapter I

MATTERS BROUGHT TO THE ATTENTION OF THE ECONOMIC AND SOCIAL COUNCIL

1. The attention of the Economic and Social Council is drawn to the action taken by the Commission on Narcotic Drugs pursuant to General Assembly resolution 46/185 C, section XVI, in which the Assembly authorized the Commission to approve the programme budget for the Fund of the United Nations International Drug Control Programme (UNDCP). Particulars of the discussion of the Commission at its reconvened thirty-eighth session are provided in chapter II below. The resolution adopted by the Commission following its discussion is contained in chapter IV below.

Chapter II

ADMINISTRATIVE AND BUDGETARY MATTERS

2. For its consideration of agenda item 8, entitled "Administrative and budgetary matters", the Commission had before it the following documents:

(a) Note by the Executive Director on administrative and budgetary matters (E/CN.7/1995/20);

(b) Report of the Executive Director on the proposed final budget and performance report for the biennium 1994-1995 for the Fund of the United Nations International Drug Control Programme and proposed initial budget for the biennium 1996-1997 for the Fund and programme support cost (E/CN.7/1995/21);

(c) Addendum to the report of the Executive Director on the proposed final budget and performance report for the biennium 1994-1995 for the Fund of the United Nations International Drug Control Programme and proposed initial budget for the biennium 1996-1997 for the Fund and programme support cost: compendium of ongoing projects during the bienniums 1994-1995 and 1996-1997 (E/CN.7/1995/21/Add.1);

(d) Report of the Advisory Committee on Administrative and Budgetary Questions on the Fund of the United Nations International Drug Control Programme: revised programme budget and performance report for the biennium 1994-1995 and proposed budget for the biennium 1996-1997 (E/CN.7/1995/22).

3. The Executive Director of UNDCP made an introductory statement focusing on the proposed budget for the biennium 1996-1997 and in particular on the financial situation of UNDCP in recent years. The Deputy Executive Director of UNDCP and

Director of the Division for Treaty Implementation and Support Services made an audio-visual presentation on the budget, highlighting key budgetary and financial information. He also gave further clarification on the budget format and commented on the report of the Advisory Committee on Administrative and Budgetary Questions (ACABQ). The Deputy Executive Director of UNDCP and Director of the Division for Operational Activities and Technical Services made a statement concerning the programmatic implications of the budget.

4. Representatives commended UNDCP for the improved and transparent presentation, which had been done in accordance with requests of the Commission and as recommended by ACABQ. A number of improvements were noted, particularly the expanded performance report and the integrated programmatic presentation of activities.

5. A number of representatives commended the Executive Director for the utilization of the Fund balance and the orderly adjustment of proposed activities to projected resources.

6. The Executive Director was requested to continue to improve the presentation of the budget document and to clarify methodology issues raised in the report of ACABQ. The Secretary-General was invited to review the financial functioning of UNDCP with regard to the need to promulgate separate financial rules, as recommended by ACABQ, and to report on that matter to the Commission at its thirty-ninth session.

7. A number of speakers expressed the concern of their Governments over the declining resources available to the Fund of UNDCP for the biennium 1996-1997, especially with respect to general-purpose contributions. They urged member States to recognize the need to contribute more non-earmarked funds to enable UNDCP to carry out its mandated activities. In addition, they encouraged UNDCP to implement its resource mobilization strategy aimed at widening the donor base by seeking financial contributions from States not already contributing to the Fund of UNDCP and by working with the private sector, non-governmental organizations, international financial institutions and other United Nations entities. It was suggested that special fund-raising efforts, such as emergency appeals by the Secretary-General, should be launched. In view of the fact that the earmarking of funds limited the flexibility of the Programme to react to emerging problems, it was suggested by some representatives that 30 per cent of contributions should be for general purposes.

8. The reductions that were proposed in all regions and sectors in the context of the proposed budget for the biennium 1996-1997 were noted with concern. Some representatives expressed particular concern over the reduction in staff and the closure of certain field offices.

9. There was strong support for the subregional approach promoted by UNDCP. Several representatives welcomed the

initiatives of UNDCP for a coordinated approach to providing drug control assistance to States in central and eastern Europe, the Baltic States and members of the Commonwealth of Independent States, but stressed the need for more resource allocation for the control of illicit production and trafficking in those areas. The memorandum of understanding concluded between UNDCP and the Economic Cooperation Organization at the beginning of 1995 was referred to in the context of improving collective cooperation in the region. The Commission noted and welcomed the intention of the Executive Director to develop a framework of cooperation and the necessary assistance programmes for the Balkan States.

10. Some speakers referred to a draft resolution that was being considered by the General Assembly at its fiftieth session. In that draft resolution, the Assembly would request the Commission to re-examine the advisability of convening an international conference on narcotic drugs. Those speakers expressed support for holding such a conference at an early date.

11. While many speakers considered that oversight and audit functions were indispensable, they noted that until the United Nations had a unified policy for the reimbursement of such services, UNDCP should, as recommended by ACABQ, only reimburse the Office of Internal Oversight Services for actual services rendered. One representative, noting that a large part of the projects funded by UNDCP were executed by other agencies, questioned the level of the reimbursement requested for audit services.

12. Several representatives, acknowledging the progress achieved, emphasized that increased coordination and cooperation between UNDCP and other United Nations entities remained a crucial issue. UNDCP was encouraged to continue to promote the inclusion of drug control elements in programmes carried out by other organizations. The catalytic function of UNDCP should also be utilized to identify ways in which resources at the disposal of the international financial institutions could be used for drug-related purposes. While it was acknowledged that progress had been made by the Administrative Committee on Coordination in considering the importance of including drug control elements in the programmes of organizations of the United Nations system, it was recognized that there was a need to pursue further coordination. Countries were urged to include such elements in the integrated development strategies elaborated with the United Nations Development Programme and the international financial institutions.

13. Although it was felt that the appropriate balance between demand reduction and supply reduction was not always easy to achieve, several representatives lauded the effort of UNDCP to apply a globally balanced policy in the proposed budget for the biennium 1996-1997.

14. The low implementation rate for the region of Africa in the biennium 1994-1995 was deplored. Some representatives expressed

the hope that that implementation rate would be improved in the forthcoming biennium.

15. Several representatives expressed deep concern that the reduction of project posts at headquarters was bound to have a negative impact on project implementation. They requested the Executive Director to exert efforts to remedy that situation. The need to enhance the technical capacity for research and analysis at headquarters was emphasized. One representative requested the Executive Director to study a new programme support cost arrangement that might involve, as one option, a charge of more than 13 per cent on earmarked contributions to make resources available for the identification and preparation of projects, and to report on the results of the study to the Commission. One speaker noted the importance of a more systematic format for monitoring and evaluation activities and suggested that total resources dedicated to those activities should be clearly documented and presented to the members of the Commission.

16. At the 1125th meeting, on 14 December 1995, the Executive Director and the deputy executive directors responded to the questions that had been raised by speakers. The Executive Director stressed that, in order to create a sense of ownership of the Programme, it was important to widen the donor base. He referred, in particular, to his initiative of calling on 50 countries to provide individually US$ 300,000, thereby creating US$ 15 million of additional contributions. Supplementary information was provided on the criteria for the funding of project activities. Reference was made to financial aspects of the proposed holding of an international conference on cooperation in drug control. It was explained that the matter would be further considered by the Commission at its thirty-ninth session if a formal proposal to that effect was made at that time. It was recognized that an appropriate way should be found to maintain the capacity of the Programme to carry out fully its core functions in face of diminishing resources.

17. At the 1124th meeting, on 13 December 1995, a draft resolution (E/CN.7/1995/L.24) was proposed and introduced by Japan. The Commission decided to establish a working group on the draft resolution. The working group, which was chaired by the representative of Japan, met on 13 and 14 December 1995. In reporting back to the Commission at its 1125th meeting, on 14 December, the Chairman of the working group introduced a revised draft resolution entitled "Final budget and performance report for the biennium 1994-1995 and initial budget for the biennium 1996-1997 for the Fund of the United Nations International Drug Control Programme" (E/CN.7/1995/L.24/Rev.1 and Corr.1 and Add.1). He then commented on the procedure to be applied for the reimbursement of services provided by the Office of Internal Oversight Services and on the observation by ACABQ on the budget methodology. It was noted that the cost of audit missions should be charged against the provision foreseen in the proposed budget for the biennium 1996-1997 and that the financial results should be reported in the context of the performance

report for the biennium 1996-1997. The Chairman of the working group recommended that the Secretariat should continue to seek clarification from ACABQ on its observation on the budget methodology and should report on the results of those efforts to the Commission at its thirty-ninth session.

18. At its 1125th meeting, the Commission adopted, as orally amended, the revised draft resolution, sponsored by Australia, Austria, Belgium, Colombia, Denmark, Egypt, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Japan, Luxembourg, Madagascar, Mexico, Netherlands, Nigeria, Norway, Poland, Portugal, Spain, also on behalf of the European Community, Sweden, Switzerland, Syrian Arab Republic, United Kingdom of Great Britain and Northern Ireland, United States of America and Uruguay. For the text, see chapter IV, resolution 15 (XXXVIII).

Chapter III

ORGANIZATION OF THE SESSION AND ADMINISTRATIVE MATTERS

A. Opening and duration of the session

19. The Commission, pursuant to Council decision 1995/247, held its reconvened thirty-eighth session at Vienna from 13 to 14 December 1995 in order to consider agenda item 8, entitled "Administrative and budgetary matters". Three plenary meetings (1123rd-1125th) were held. UNDCP served as secretariat of the Commission. The Chairman reconvened the session and addressed the Commission at its opening meeting.

20. The Commission at its reconvened thirty-eighth session was also addressed at its opening meeting by the Executive Director of UNDCP, the Deputy Executive Director of UNDCP and Director of the Division for Treaty Implementation and Support Services, and the Deputy Executive Director of UNDCP and Director of the Division for Operational Activities and Technical Services.

B. Attendance

21. The reconvened session was attended by the representatives of 43 States members of the Commission (Bahamas, Côte d'Ivoire, Gabon, Ghana, Guinea, Jamaica, Lesotho, Liberia, Nicaragua and Yugoslavia were not represented), by observers for 28 other States and by representatives of 4 specialized agencies, 2 intergovernmental organizations and 12 non-governmental organizations in consultative status with the Economic and Social Council (see annex I).

C. Adoption of the report of the Commission on its reconvened thirty-eighth session

22. At its 1125th meeting, on 14 December 1995, the Commission adopted the report on its reconvened thirty-eighth session (E/CN.7/1995/L.1/Add.12-14), as orally amended.

D. Documentation

23. At the 1125th meeting, on 14 December 1995, the representative of Egypt, on behalf of all Arabic-speaking delegations attending the reconvened thirty-eighth session of the Commission, expressed concern at the unavailability of the basic budgetary documents (E/CN.7/1995/21 and Add.1 and E/CN.7/1995/22) in Arabic. He stated that, even when special circumstances occurred, as was the case shortly before the current reconvened session, every effort should be made to ensure the timely issuance of documentation in all official languages of the United Nations.

24. The documents before the Commission at its reconvened thirty-eighth session are listed in annex II.

Chapter IV

RESOLUTION ADOPTED BY THE COMMISSION AT ITS RECONVENED THIRTY-EIGHTH SESSION

25. At its reconvened thirty-eighth session, the Commission on Narcotic Drugs adopted the following resolution:

Resolution 15 (XXXVIII)

Final budget and performance report for the biennium 1994-1995 and initial budget for the biennium 1996-1997 for the Fund of the United Nations International Drug Control Programme*

The Commission on Narcotic Drugs,

Bearing in mind the administrative and financial functions entrusted to it by the General Assembly in its resolution 46/185 C, section XVI, paragraph 2, of 20 December 1991,

---

*See paragraphs 17 and 18 above.

Having considered the report of the Executive Director of the United Nations International Drug Control Programme containing the proposed final budget and performance report for the biennium 1994-1995 for the Fund of the United Nations International Drug Control Programme and the proposed initial budget for the biennium 1996-1997 for the Fund and programme support cost, 1/

Recalling its resolution 14 (XXXVIII) of 23 March 1995,

Noting the report of the Advisory Committee on Administrative and Budgetary Questions 2/ relating to the proposed final budget and performance report for the biennium 1994-1995 for the Fund of the United Nations International Drug Control Programme and the proposed initial budget for the biennium 1996-1997 for the Fund of the United Nations International Drug Control Programme and programme support cost,

Recalling General Assembly resolution 48/12 of 28 October 1993, and especially the leadership and coordinating role of the United Nations International Drug Control Programme as international coordinator of drug control activities within the United Nations system,

Noting with concern the decline of available resources for the Fund of the United Nations International Drug Control Programme,

1. Commends the Executive Director of the United Nations International Drug Control Programme for his efforts to improve the presentation and transparency of the initial budget for the Fund of the United Nations International Drug Control Programme and urges continued efforts in that regard;

2. Endorses the programme and budget strategy for the biennium 1996-1997, which, in an integrated and balanced manner, carries out the mandates for the United Nations International Drug Control Programme as contained in the Global Programme of Action adopted by the General Assembly at its seventeenth special session, 3/ the international drug control treaties and in other relevant resolutions, and confirms the commitment to maintain and strengthen the United Nations International Drug Control Programme as a central body in international drug control, both at headquarters and in the field;

3. Approves for headquarters and field operations the final budget estimates for the biennium 1994-1995, totalling 30,085,200 United States dollars, and the performance report for the biennium 1994-1995, totalling 30,205,100 United States dollars, for the Fund of the United Nations International Drug Control Programme, in accordance with the following areas:

	United States dollars	
	Final budget	Performance report
Headquarters		
Policy-making organs	131 100	71 500
Executive direction and management	2 907 200	2 882 300
Programme of work	7 833 000	7 535 700
Programme support	4 192 400	4 606 800
Field operations	15 021 500	15 108 800

4. Takes note with approval of the final budget estimates for project activities for the biennium 1994-1995, totalling 158,837,900 United States dollars, and the performance report for project activities for the biennium 1994-1995, totalling 118,507,200 United States dollars, for the Fund of the United Nations International Drug Control Programme;

5. Approves for headquarters and field operations the initial budget estimates for the biennium 1996-1997, totalling 27,755,200 United States dollars, for the Fund of the United Nations International Drug Control Programme, in accordance with the following areas:

	United States dollars
Headquarters	
Policy-making organs	99 600
Executive direction and management	3 146 300
Programme of work	7 531 700
Programme support	3 158 700
Field operations	13 818 900

6. Also approves for headquarters and field operations the initial budget estimates for the biennium 1996-1997, totalling 3,330,600 United States dollars for programme support cost to cover the administrative and substantive backstopping of technical cooperation projects, including their preparation, coordination, research, analysis and evaluation:

	United States dollars
Headquarters	
Executive direction management	176 500
Programme of work	1 728 600
Programme support	809 400
Field operations	616 100

7. Approves for the biennium 1996-1997 the requirements for 28 posts in the Professional category and above and 27 posts in the General Service category assigned to headquarters for the Fund of the United Nations International Drug Control Programme;

8. Also approves for the biennium 1996-1997 the requirements for eight posts in the Professional category and above and eight posts in the General Service category assigned to headquarters for programme support cost;

9. Takes note of the proposed requirements assigned to the field operations of 31 posts in the international category and 84 posts in the local category for the Fund of the United Nations International Drug Control Programme and 3 posts in the international category and 4 posts in the local category for programme support cost;

10. Takes note with approval of the initial budget estimates for project activities for the biennium 1996-1997, totalling 121,362,700 United States dollars, for the Fund of the United Nations International Drug Control Programme;

11. Takes note of the distribution of resources between objects of expenditure and between regions and sectors as proposed in the initial budget for the Fund of the United Nations International Drug Control Programme and programme support cost;

12. Requests the Executive Director, when distributing such resources, to take into account, inter alia, cost-benefit criteria such as the project implementation rates, the experience of past United Nations International Drug Control Programme cooperation, the particular nature of the drug problems in a country, including new trends in the types of drugs being produced and abused, and the existence and adequacy of drug control master plans that allocate national resources for their execution;

13. Authorizes the Executive Director to utilize additional resources, should they become available, for project activities in accordance with the priorities of the United Nations International Drug Control Programme and requests the Executive Director to report on the performance of the project activities to the Commission on Narcotic Drugs in the context of the revised budget estimates for the biennium 1996-1997;

14. Requests the Executive Director to reimburse the internal audit service provided by the Office of Internal Oversight Services to the Fund of the United Nations International Drug Control Programme in accordance with the recommendations of the Advisory Committee on Administrative and Budgetary Questions up to the level of resources provided for such services in the initial budget estimates for the biennium 1996-1997 and requests the Executive Director to report on the use of funds of the United Nations International Drug Control Programme for this purpose in the budget performance report;

15. Requests the Secretary-General to take note of the recommendations of the Advisory Committee on Administrative and Budgetary Questions contained in its report, 2/ to review, as necessary, the financial functioning of the United Nations International Drug Control Programme with regard to the need to

promulgate separate financial rules, and to report on this matter to the Commission on Narcotic Drugs at its thirty-ninth session;

16. Urges Member States to recognize the increasing need for general-purpose contributions to enable the United Nations International Drug Control Programme to carry out its specialist and normative functions;

17. Requests the Executive Director to assess the ability of the programme support cost arrangement to cover the administrative and substantive backstopping of technical cooperation projects, including their preparation, coordination, research, analysis and evaluation and to report on it to the Commission on Narcotic Drugs, as appropriate, at its thirty-ninth session;

18. Supports the strategy, proposed by the Executive Director in his report on the proposed final budget and performance report for the biennium 1994-1995 for the Fund of the United Nations International Drug Control Programme and proposed initial budget for the biennium 1996-1997 for the Fund and programme support cost, 1/ for attracting more resources involving the prompt implementation of the resource mobilization strategy to expand extrabudgetary contributions;

19. Requests the Executive Director to continue to develop the coordinated and joint fund-raising approach through the Administrative Committee on Coordination, as referred to in Commission on Narcotic Drugs resolution 14 (XXXVIII), paragraph 11.

1/ E/CN.7/1995/21.

2/ E/CN.7/1995/22.

3/ General Assembly resolution S-17/2, annex, of 23 February 1990.
